Ray D. Ellis

Ray worked the first half of his adult life building the family farm and working in the construction industry.

When he felt God's call to enter the ministry he began a process of studies, which led to degrees in Bible and psychology and a Master's Degree in Pastoral Counseling. During this growing process, he became aware of how many people—in all phases of life—are struggling with the brokenness of life and their own personal practice of transformation.

Today, Ray still lives on the family farm with his wife, Dewenia, and their dog Hector; but his passion is to share his understanding of transformation and brokenness.

A Word About the Meals:

Chef, Rich Dornberger, of Quaker Hill will use his talents to delight the senses as he creates meals for this event. Rich enjoys creating healthy menus for the guests at Quaker Hill. Come join us and see what Rich has planned for this retreat!

“I started cooking professionally when I was 15. My initial experience was in fine dining in Northern California. Since my start I have cooked in California (three different towns), Nevada, Ohio, Idaho, and Indiana. I have traveled to 47 states learning new recipes and new styles. I love to try new things. The Quaker Hill Garden Meals are a great canvas for me to create new dishes.”
